

## 2 IN 1 Microwave Motion Sensor (Surface/Recessed) 360

### Ref. SP41B

The microwave motion sensor allows you to save energy as it can turn on and off the LED lights automatically. This sensor is a 2 in 1, it can be surface mounted or flush mounted. The motion sensor allows you to detect when someone enters your field, with a detection range of 6 meters, and a detection angle of 360 degrees. One of the great features of the sensor is that it detects night and day light, thus using the energy of LED luminaires more effectively. IP20 protection rating, for indoor use only.

### Datos del producto

Nominal Voltage (V)	220-240V/AC
Frequency (Hz)	50
Sensor	Yes
Detection range (m)	6m
Detection angle (°)	360
Use Outdoor	No
IP	IP20
Temperature range	-20°C ~ +40°C
Frequency of use	Intensive
Certificates	CE, ROHS
Warranty	According to legal guarantee: 2 years
