

SONOFF® Smart Dimmer Switch

Ref. SONOFFDIMMER

Dimmer switch. Dimmer for use with dimmable LEDs up to 150W or up to 200W in incandescent lights. Dimmable in 4 levels of intensity on RM433 remote control (not included), adaptable in higher and lower brightness levels with eWeLink app. Compatible voice control with Alexa and Google Home. 433MHz remote control not included. Control your lights from anywhere with the eWeLink app. Share smart dimmer schedules and scenes with your family members. Adjust the desired brightness from 1% to 100% through the dimmer area in the app or using voice command, the brightness memory function will remember and revert to the last light setting when turned back on.

Datos del producto
