

LED T8 120cm OSRAM 16.4W opal glass | SubstiTUBE STAR

Ref. O455382

120cm 16.4W opal glass T8 LED tube, designed to replace traditional fluorescent tubes with energy savings of up to 68%. It offers a uniform illumination with an opening angle of 330°, instant on without flickering and high homogeneity of color. Made of glass with G13 socket, it emits neutral white light (4000K) and achieves a luminous flux of 1800 lumens. Direct connection to 230V and compatible with ferromagnetic ballasts.

Product data

| | |
|----------------------|----------------------------|
| Hue | Neutral white |
| Kelvin (K) | 4000 |
| CRI | 80-85 |
| Beam angle (°) | 330 |
| UGR | No |
| Dimmable | No |
| Driver | Internal |
| Sensor | No |
| Detection range (m) | No |
| Detection angle (°) | No |
| Socket | G13 |
| Tube type | T8 |
| Orientable | No |
| Dimensions (mm) Lxhx | Ø26x1200 |
| Material | Plastic |
| Diffuser material | Crystal |
| Use Outdoor | Yes, with waterproof lamps |
| IP | IP20 |
