

**Flexible LED neon 24V DC - 12x12mm - 10 meters - Complete kit - 11W/m - IP67 - Vertical curvature**

### Ref. N1212-10M

Our flexible LED neon is the best option for decorative lighting with great visual impact. It adapts to different surfaces, offering enormous versatility to make any design a reality. Thanks to its high density of LED chips (120 chips/m) and its light intensity of 1100 lm/m, it ensures a powerful, stable and homogeneous illumination. Its curved design gives it a light emission angle of 180°, superior to other neon lights. It emits light from its upper face, allowing it to rotate in the vertical plane. It is manufactured with a silicone tube resistant to UV radiation and also has an IP67 degree of protection, which allows its use outdoors and ensures its durability. Available in 4 shades: warm white (2800K), neutral white (4000K), cool white (6000K) and blue. \*\*Kit includes 20 staples + 4 caps (2 initial and 2 final)\*\*.

### Product data

Hue	Cool white, Neutral white, Warm white, Blue
Kelvin (K)	6000, 4000, 2800
CRI	80-85
Beam angle (°)	180
LED Type	SMD 2835
Nominal Voltage (V)	24V-DC
Material	Silicone
Use Outdoor	Yes
IP	IP67
Certificates	CE, ROHS
Warranty	According to legal guarantee: 2 years
Power/m (W/m)	11
No. of chips/metre	120
Cutting distance (mm)	50

**Product variants**

Reference	Attributes	
N1212-10M-AZ	Colour temperature - Blue	
N1212-10M-BC	Colour temperature - Warm White	
N1212-10M-BN	Colour temperature - Neutral White	
N1212-10M-BF	Colour temperature - Cool white 6000K
