

Driver DALI-2 DT6 LIFUD

LIFUD dimmable DALI PUSH driver 2-12V 8W multcurrent (350-700mA)

Ref. LF-AAD008-0700-12

LIFUD Driver LF-AAD008-0700-12 is an 8W constant current LED driver. It can be modified on the 3-position switch of the driver. The product is dimmable from 0.1 to 100%. The rated input voltage limit is 220-240V and input voltage limit is 2-12V. The output current can be adjusted through the DIP switch from 350mA to 700mA, in 50mA steps.

Datos del producto

Dimmable	0%-100% (0.1%)
Nominal Voltage (V)	220-240V
Frequency (Hz)	50 - 60
Dimensions (mm) LxHx	29.8x142.1x20.5mm
Material	Plastic
IP	IP20
Temperature range	-20°C ~ +40°C
Maximum power (W)	8W
Output voltage (V)	2-12V
Output current mA	350-700mA
