

Pack LED Track Spotlight Single Phase + LED Bulb AR111 GU10

Ref. K00582

Pack LED Bulb AR111 GU10 + LED Spotlight for single-phase track is your perfect solution to highlight specific elements in the space you want with a bright light and the best quality and saving energy. Designed for indoor spaces, its manufacture is made of high quality materials such as aluminum and can withstand temperature variations between -20°C & -45°C. Its installation is very simple and is done on a single-phase rail that we must place previously. The support is compatible with single-phase track that can accommodate an AR111 bulb with a GU10 base. This pack comes with the AR111 LED bulb for GU10 socket with 12W power. Available in Neutral White 4000K and Warm White 3000K. Indoor use only (IP20). Minimum consumption, maximum efficiency. All thanks to LED bulbs.
