Flexible LED neon RGB 24V DC- 12X12mm - 10 meters - Complete kit - 11W/m - IP67 - Vertical curvature

Ref. N1212-10M-RGB

Our flexible RGB LED neon is the best choice for decorative lighting with great visual impact. It adapts to various surfaces, offering enormous versatility to make any design a reality. Thanks to its high density of LED chips (120 chips/m), it ensures a powerful, stable and homogeneous illumination. Its curved design gives it a light emission angle of 180°, superior to other neon lights. It emits light from its upper face, allowing it to rotate in the vertical plane. It is manufactured with a silicone tube resistant to UV radiation and also has an IP67 degree of protection, which allows its use outdoors and ensures its durability. **The kit includes 20 clamps + 4 caps (2 initial and 2 final).

Datos del producto

Hue	RGB
Opening angle (°)	180
LED Type	SMD 2835
Nominal Voltage (V)	24V-DC
Dimensions (mm) LxIxh	10000x12x12
Material	Silicone
Use Outdoor	Yes
IP	IP67
Certificates	CE, ROHS
Warranty	3 years
Power/m (W/m)	11
No. of chips/metre	120
Cutting distance (mm)	50
