

PHILIPS CertaDrive 220-240V Driver - Output 30-42V DC - 0.9/1,05A - 44W

Ref. 929002804880

The PHILIPS CertaDrive 220-240V 44W Driver transforms alternating current into direct current to power LED luminaires such as LED panels, downlights and ceiling lights. Its multi-voltage output allows its use in various applications with different current and voltage requirements, and its high power factor makes it very efficient. In addition, it features a PC cover for protection against shock and external factors.
