

Pack x 3 - Square cardan type downlight ring for QR111 or AR111 bulb - Cutting 155 x 155 mm

Ref. K1016-3

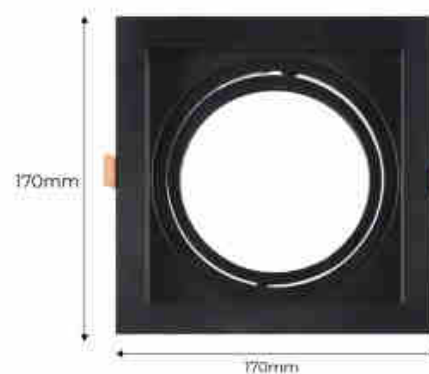

Cardan type tilting downlight ring made of polycarbonate for one LED bulb QR111 or AR111 - Pack x 3 Each ring allows the luminaire to be directed to the desired point. The hoops can be interlocked together and additional hoops can be added to form larger structures. Due to its characteristics, it is an ideal product for use in commercial installations such as clothing stores, food stores, accessory stores, dealerships, etc., although it can also be used in domestic installations. Pack available in black and white. Includes screws and three metal fittings for mounting the rings. ** LED bulbs not included **.
