

## Shapeable spotlight for 1-phase track - 10W - 20°-35°

### Ref. B00560-MON-N-BC

The 10W shapeable spotlight for single-phase tracks offers an innovative solution for highlighting works of art in museums, art galleries, and other spaces. Equipped with integrated blades and a focus zoom, it enables the projection of geometric shapes while allowing precise control of contour sharpness in paintings and artwork. It features full vertical and horizontal rotation.
