

CCT LED 3-phase track spotlight - 40W - CRI 90 - KGP Driver- White

Ref. BPT-40W-CCT-B

3-phase LED track spotlight distinguished by its compact design and high-quality components. Its powerful beam with a COB LED chip precisely illuminates details, with a high colour rendering index (CRI >90), allowing colours to be displayed naturally. It features a body capable of horizontal rotation up to 350° and vertical rotation up to 90°, complemented by a beam angle of 38°. This ensures focused light, ideal for highlighting objects or products. Additionally, its CCT system provides the option to adjust the colour temperature, allowing the selection of the most suitable light for the needs of each project. It comes with a honeycomb-shaped filter with a diameter of 80mm and a thickness of 2mm, to be placed in the spotlight for anti-glare lighting.
