

Trimmable

Trim to 5mm, 6mm or 8mm for narrower channel

On/off and dimming touch switch - 5-24V DC

Ref. FDTSM-T10

Compact touch switch with a small light indicator, designed for installation on profiles and direct connection to a monochrome LED strip with a voltage range of 5 to 24V DC. It offers the on/off function and also enables touch-based adjustment of light intensity, allowing for precise and convenient control of the output voltage.

Datos del producto
