

Single color/CCT/RGB/RGBW controller - 12-24V DC - 4 channels - Programmable - RF 2.4GHz - Skydance

Ref. SK-V4-L

4-channel Single Color/ CCT/ RGBW/ RGB controller for 12-24V LED luminaires. It offers 0-100% flicker-free smooth dimming and is compatible with single color, CCT and RGB/RGBW RF 2.4GHz Skydance remote controls. With auto-transmit and auto-sync functions that allow for efficient and synchronized control.

Product data

Nominal Voltage (V)	12-24V
IP	IP20
Temperature range	-30°C ~ +55°C
Colour control	RGB, RGBW, CCT
Output voltage (V)	12-24VDC
Number of channels	4
Maximum intensity (A)	5A/canal
Length	170mm
Width	50mm
Height	23mm
