

Adjustable linear driver DALI DT8 - CCT - 40W - Constant current - Output 10-54V DC - 500-1050mA - NFC

Ref. SRPL-2309N-40CCT500-1050U

The 40W dimmable LED driver DALI DT8 NFC offers high precision and efficiency in lighting control. Compatible with DALI 2 protocol and configurable through an app via NFC, it is ideal for indoor LED CCT lighting control, with dimming and color changing functions. Slim design, specifically for linear LED luminaires.

Product data

Power (W)	40
Material	Polycarbonate
Certificates	CE, ROHS
Warranty	5 years
Control system	DALI
Colour control	CCT, Monocolor
Output voltage (V)	10-54
Output current mA	500-1050
